suburban collection

wall base

Type TP, TV, TS

Available in a wide range of colors, Suburban Wall Base is the final element of style to transition a wall to the floor and bring a room together. Type TS, TP, and TV materials are engineered for heavy traffic and high maintenance areas and will not fade, crack, scuff, or scratch. They easily form to curves and corners for easy installation.

Wall Base Features & Benefits

TS Vulcanized Thermoset Rubber

- Prevents shrinkage or expansion
- Molded to prevent dimensional stability
- Smooth satin finish paired with inherent flexibility helps hide substrate irregularities
- Wraps around columns, corners, and curved walls for a snug fit without cracking
- Available in coved
- 25 available colors

TP Thermoplastic Rubber

- Heavy gauge rubber base will not fade, crack, scuff, or scratch
- Flexible formulation easily forms to curves and corners for easy installation
- Crack and white-out resistant
- Will not oxidize or turn brittle
- Available in coved or toeless
- Superior color depth; 100 available colors

TV Vinyl

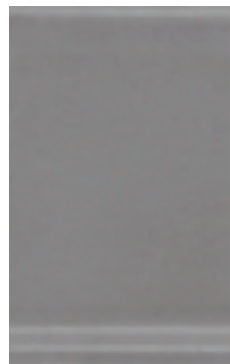

- Engineered for heavy traffic and high traffic areas
- Tough matte finish helps provide substrate irregularities
- Ease of installation around curves and corners
- Scuff and abrasion resistant
- Available in coved or toeless
- 100 available colors
